Canada is a world leader in children's pain research... but this knowledge isn't being put into practice.

The Problem

Children suffer undertreated and preventable pain that leads to many immediate and long-term problems.

Our Vision

Healthier Canadians through better pain management for children.

The Solution

SKIP's mission is to improve children's pain management by mobilizing evidence-based solutions through coordination and collaboration.

SKIP's Activities

Knowledge Brokers & SKIP Regional Hubs
Children's Healthcare Canada Member Organizations

Readiness, Resources & Evidence
Tool Production & Promotion
Facilitation of Change
Awareness & Urgency

SKIP's Outcome

To improve children's pain management in Canadian health institutions.

SKIP's Impact

Less suffering for children and families
Less avoidance of necessary healthcare
Lower risk of addiction and chronic pain in adulthood
Less financial burden on people & the health system
Canada is the leader in use of knowledge about children's pain

$7 million + program funding over 4 years
